Customer Reviews

This book is easy to read and digest, that is why I took pretty fast to read it. I am looking forward to try the various puree because DIY-ing it at home is so much easier. The images used were enticing and gave me extra motivation to take action in whipping out a meal for my 15 month old daughter! What I like about this book is the flow and the concise details given. Not too much jargon too! My only feedback for the book is to be longer, so that it will empower me with more options. Having said

that, giving an excellent review like this one will do this a great justice and favour to future readers!

Cheers!
