The Soapmaker's Resource Directory (Natural Soap Series Book 2)

Synopsis

Welcome to the second volume in the Natural Soap Series. Containing 285 pages, this directory is created to assist soapmakers in locating new resources for every phase of the soapmaking process. Each vendor is listed and organized by product, country and vendor name. The listings are presented in a quick and easy format that allows soapmakers to quickly locate what they are seeking. So whether you are looking for a new soap cutter, want to create a list of everyone who services a particular country like Australia or need to get the contact information for a new vendor that is recommended to you, this directory will provide you with an easy and convenient access format to save you time and frustration. Each product listed in "The Soapmakerâ™s Resource Directory" is sorted into one of seven categories: Additives/Natural Colorants, Butters/Oils/Waxes, Essential Oils, Molds/Cutters, Packaging, Soaping Accessories and Sodium Hydroxide. Each vendor listing has been grouped into one of the following countries: Australia, Canada, Germany, New Zealand, United Kingdom and the United States of America. Finally, the vendors are presented alphabetically in a quick access format to assist in locating a vendor by name.
