Customer Reviews

Book for young children or the mentally handicapped. Not what I was expecting at all, reminded me of the one night at band camp

I absolutely adore this book. The Contractor's Survival Guide found a home on desk at work with a

ton of post-it notes and tabs hanging out of almost every chapter the very first day I got it. I know it will be dog-eared on every page by the time I am done! So much valuable information is enclosed for anyone in sales, marketing or lead generation!! loved the easy read aspect of it's writing style. This book is highly recommended. It is a great value and a **MUST READ AWESOME BOOK!**

I'm a contractor that is always looking for effective and practical ways to build my business. This book is full of great ways to thrive - in any market. Thanks Mr. Reid.

Valuable information for those in the contracting business.
